# Probable time of roasting coffee on a manual device

**The manual contains steps to check the probable roasting time in hours. Follow them and check it at your place! After all return to the starting position!!**

1

**STEP**

**FIND AND OPEN  
ELECTRICAL CABINET**

2

**STEP**

Find the 4U1 inverter. By pressing the blue button, find position d01

# 3

## STEP

Press the arrows (up or down) to set the position d016

## STEP

Confirm d016 by selecting the yellow button. The displayed value is the operating time of your drum in hours.
